

USER GUIDE FOR MAGENTO 2 EXTENSION AJAX LOGIN

Version : 1.0.0

The Magento 2 AJAX Login Extension, allows users to quickly log in and register from the same page without being redirected to default store login or registration pages. This AJAX login extension speeds up the default login functionality by making it smoother and more appealing to the customers. If they have forgotten their password, they can also quickly reset it without being redirected.

1. AJAX LOGIN

Features

- Enable/Disable the ajax login module at any time from the Magento backend.
- Your customer can log in or register from any page of your store.
- Serve focused & hassle-free shopping experience to your customers
- Saves time of your customers & reduce clicky navigation
- Three animated forms for Login, Registration, and Forgot Password
- It directly increases the number of registered users.
- Having the enable and disable option, can be used as per the needs.
- Included with recaptcha in ajax.After enabling the recaptcha in the backend , it shows the

2. Configuration settings for Ajax Login

A simple configuration will activate the Ajax Login in your website. Below are the path and field details to configure.

Path to configure

Stores -> Configurations -> Customers -> Customer Configuration -> OX Ajax Login

Field to configure

Enable - Yes/No

Success message - 5 (default).We can do change on admin side.Success message will be displayed according to admin side configuration.

Refer to the screenshot below for reference:

3. Navigation process

3.1 Sign-in Page

Customers will get a sign in popup using Ajax while clicking the sign in button instead of a sign in page in which they can sign in with their credentials. Submitting the Ajax form will make a customer sign in using Ajax and the page will not be reloaded.

Refer to the screenshot below for reference:

After clicking the sign-in button it shows the popup.

UMAts New Women v Men v Gear v Train	Sign in Register If you have an account, sign in with your email address.	Search entire store here Q 🛱
	Email *	Yoga Collection
	Sign In Forgot Your Password?	ind look fab in new al styles

3.2 Sign-in Popup with recaptcha

Captcha in the popup will be displayed after the condition is satisfied(i.e By default, captcha will be displayed after 3 unsuccessful login attempts).

3.3 Success Message

After login the customer with their details in the login popup, will show the success of the Message and the success message will display for a few seconds depending upon admin side configuration, along with that timer.
